24 March 2017

**TO: DISTRICT SECRETARIES  
EXECUTIVE  
MEDIA**

**CIRCULAR 19/2017**

**LIGHTNING DETECTION**

We advise that a free application to determine the distance of Lightning from a given location is available on smart phones and tablets etc.

The application is marketed as “ Lightning Alarm Weatherplaza”. When using the application it is essential that the “location” button is switched on as the app requires google maps to be loaded onto the device.

The application is FREE, tracks the lightning strikes, the direction the storm is travelling and the distance the strike is from the given location.
