To increase affiliation fees due to Bowls SA for each member from 1 January 2019 to R 225 p.a. VAT inclusive. This represents a 4.7 % increase.

MOTIVATION

The financial stability of the Federation allows the Executive to propose an increase well below CPI. This increase also takes account of the effect of an increase in VAT.

To allow the Executive to make appropriate transfers from the General Reserve account to such funds as is necessary to fulfil the strategic goals of the Federation.

MOTIVATION

The core objective of Bowls SA is to develop and promote the sport of bowls. The Executive annually prepares a strategic plan to achieve these goals. Funding thereof can be inhibited in terms of the support from institutions such as Lotto and therefore in light of the funds accumulated over a period of time a request is made to be able to utilise such funds in accordance with strategic planning. The Executive will account to Council as to the funds transferred and the projects against which they have been utilised.
