CIRCULAR 17/2016

DEVELOPMENT BOWLS & EQUIPMENT

Following an audit, we are required to establish the whereabouts of Development equipment within Districts that Bowls South Africa has made available to them.

We have records as to what was issued and would like Districts to indicate where or at which clubs each set has been allocated. We would also like to establish the function that these bowls are being used for as well as the effectiveness of these bowls and other equipment in the projects currently being driven by Districts to increase membership.

At a recent meeting with District Presidents Bowls SA was questioned as to the assistance given to Districts. The relevant bowls and equipment are just one such example where bowls were purchased to assist districts with membership drives, yet it is apparent that there could be bowls at District level not being used to their full capacity for which they were intended. We are also aware of certain Districts who are indeed using these bowls for their intended purpose and we commend them accordingly.

In view of the above Districts are required to complete the attached return and to submit the list to the e-mail address below on or before 28 March 2016.

tpdavis@mweb.co.za

Should Districts have "Short Mats" together with sets of bowls in stock they are required to indicate this information.

Districts are kindly requested to include a short report indicating how these bowls are assisting them in their membership drive.

John Ravenscroft
Operations Manager
