## **CIRCULAR 85 - 2026**

### **GREENKEEPERS – RECORDING OF GREEN LEVELS**

1. Bowls South Africa (BSA) National Standing Committee (NSC) Greenkeepers have determined that the recording of levels at three-metre intervals and two-metre levels are similar.
2. The NSC Greenkeepers have accordingly produced the profiles for three-metre levels. This adjustment is less time consuming.
3. Subsequently the NSC Greenkeepers have used a different method for scoring which favours the points system.
4. The level profiles can be downloaded from the BSA Website under **Publications**.
5. Any assistance required, please contact NSC Greenkeepers Convenor, Bryan Hart, [bryan@ledom.co.za](mailto:bryan@ledom.co.za), cell no: 078 802 6887
